

bshs | Chromebook Information

Bishop Shanahan High School's incoming Freshman students purchase and use Google Chromebooks*.

Purchasing a Google Chromebook is easy - just select an option below:

Option 1.) If you already own a Google Chromebook from your previous school, you can continue to use it at BSHS. Drop off your device to BSHS by July 15, 2019 so that our IT Department can configure it to our network and firewall specifications before the start of the school year in September 2019. Students then receive their device during the first days of school.

Option 2.) If you will be purchasing a Google Chromebook on your own, drop off your device to BSHS by July 15, 2019 (minimum requirements are 16 GB of storage with 4 GB of RAM - all other features are at your discretion). Our IT Department will need to configure it to our network and firewall specifications before the start of the school year in September 2019. Students then receive their device during the first days of school.

Option 3.) You may also purchase a Google Chromebook through the Bishop Shanahan online platform which will be available no later than May 2019. Chromebooks purchased through this portal are delivered directly to BSHS where our IT Department will then configure it to our network and firewall specifications before the start of the school year in September 2019. Students then receive their device during the first days of school.

**Many Archdiocese of Philadelphia secondary schools utilize Google Classroom and Google Chromebooks to ensure a safe, secure and seamless learning environment. Please see the Privacy and Security Policies for Google and for GoGuardian at [Edu.google.com/k-12-solutions/privacy-security](https://edu.google.com/k-12-solutions/privacy-security) and <https://www.goguardian.com/privacy-information.html>.*
